What a small amount will do
To make your dreams come true
And brighten the corner where you are

This list is intended for those who have limited space, and only want a few items. If you contemplate an extensive planting, and need a good many trees and plants, will be pleased to price your list of wants. We grow forest tree seedlings of the leading varieties by the thousands, and if you wish to make a forest or wind-brake planting, will be pleased to quote on your requirements.

We also grow large quantities of nut trees and have a fine stock of plants.

Our collection of Dahlias and Gladioli are noted all over the Eastern Shore. We have over two hundred varieties of each. You are welcome to come and see them in bloom. It will pay you well to do so.

If you do not see what you want in this little list, send us your list of wants and we will gladly quote you attractive prices.

Atlantic Nurse

Remember, "It's Not a Home Until I'ts Planted."

A few things planted each season will soon make home a delightful place—one more beauty spot on this good old world of ours.

"My garden is a lovesome thing—God
wot!

Rose plot,
Fringed pool,
Fern grot—

The veriest school

Of peace; and yet the fool

Contends that God is not—

Not God in gardens! when the sun is
cool?

Nay, but I have a sign!

'Tis very sure God walks in mine."

—THOS. EDWARD BROWNE.

A crusade of beauty brings out the best in people.
It is contagious. Start now and 'brighten the corner
where you are."

Your truly,

D. W. BABCOCK.
